2. Purpose and Legal Basis of Processing The purpose of processing personal data is to provide services, enable the functionality of the application, manage customer relationships, communication, and comply with legal requirements.

The processing of personal data is primarily based on a contract, the legitimate interest of the data controller, or legal obligations. If processing requires separate consent, this will be requested before the collection or processing of data.

3. Processed Personal Data The register may include the following types of data:

- Personal identification data (e.g., name, email, phone number)
- Device information (e.g., IP address, device model, operating system)
- Location data
- Data related to the use of the application (e.g., login information, log data)

4. Data Processing and Sharing Collected data is processed securely and only for enabling the functionality of the service and for purposes permitted or required by law.

Data is not sold to third parties. Data may be shared in the following situations:

- To service providers who deliver technical solutions or support services.
- To comply with legal obligations, such as government requests.
- During corporate transactions, such as mergers or acquisitions, with appropriate notice to users.

5. Data Security Personal data is protected with appropriate technical and organizational measures. Data transmission is secured using modern encryption methods (e.g., HTTPS). Access to personal data is restricted to authorized personnel only.

6. Data Retention Period Personal data is retained only as long as necessary to fulfill the purposes of processing or as required by law.

7. Rights of the Data Subject Data subjects have the following rights regarding their personal data:

- The right to access their data.
- The right to request correction or deletion of their data.
- The right to object to or restrict the processing of their data.
- The right to data portability.
- The right to withdraw consent if processing is based on consent.
- The right to file a complaint with the supervisory authority.

8. Access to Device File System The app may request access to the device file system in the following situations:

- **Camera usage:** When the user takes photos or videos through the app.
- **Offline synchronization:** When the user synchronizes photos taken offline with the app.
- **Saving images:** When the app stores photos or other files on the user's device.

Access to the file system is granted only with the user's consent, and the user will be provided with a clear disclosure explaining why access is required and how the data will be used. Users can manage these permissions in the device settings. Any data stored on the file system is protected per the app's data security practices.

9. Contact Information and Additional Details For questions regarding this privacy policy or to exercise your rights related to data processing, please contact: asiakaspalvelu@ekansio.fi

We update this privacy policy as needed to reflect changes in our operations or legal requirements. We recommend regularly reviewing this policy to stay informed about how your personal data is processed.
